## IN THEIR NEW HOME.

The Livery Firm of Cralle & Co. Settled in Commodious Quarters.

HAVE STYLISH TURNOUTS GALORE

Half a Hundred Vehicles at the Disposal of the Public—Two Stocks Combined.

Cralle & Co., the liverymen, have all their stock now moved into their new location on the north side of Third avenue, between Sixteenth and Seventeenth streets. As is well known the Tindall barn, which they now occupy, is a very commodious structure. It is 150 feet long and contains over 10,000 square feet of floor space. There is a large haymow over it all and an elevator is to be put in that will carry rigs to the upper floor so that it may be used for storage purposes.

The firm now has on hand 43 horses adapted to all branches of the livery business. They have 50 sets of harness, double and single, and 60 rigs. The latter includes four closed carriages, three open ones, two traps, buggies, phaetons, stanhopes and, in fact, almost every class of vehicles except automobiles. All are modern in design and in good condition and a large portion are new. The horses and rigs mentioned are all the property of the firm and do not include a number of boarders' outfits.

There are waiting rooms for ladies, fitted with everything for their comfort and convenience.

Service at All Hours.

It requires the entire time of six men to do the work connected with the establishment. The doors are never closed, as there is a man in charge all night, and rigs can be taken out and returned at any and all times. Andy Sennett is in personal charge, and none who know Andy need be told that he is a man who understands his business as well as one with whom it is a pleasure to do business.

This section is fortunate in possessing such exceptionally good livery facilities, and Cralle & Co. are to be congratulated on having become the owners of the largest and most complete establishment hereabout.

The Half Cent.

A movement is on foot to put a one-half cent coin in general use in the United States. Several suggestions have been made to the government and a document was presented signed by the heads of the big department stores in the various large cities throughout the country, showing the needs for this coin in making change. Progress finds many methods of improvement, but for half a century past, in spite of many limitations, nothing has arisen to equal Hostetter's Stomach Bitters, the greatest benefactor the human race has ever known. This medicine cures constipation, indigestion, dyspepsia, biliousness, nervousness and sleeplessness, also prevents malaria, fever and ague. Be sure to get the genuine, with our private revenue stamp over the neck of each bottle.

## NEARLY MISS THEIR PAY.

Rock Island Reserves Receive Money Day Before Exhaustion of Appropriation. The pay roll of the Naval Reserves of Rock Island was sent in in the nick of time, only the day before the state appropriation for the militia was exhausted. The money is now in the hands of Paymaster Gould, of Moline, and will probably be given the boys at their meeting next Tuesday night. The meeting last Tuesday night was mainly devoted to getting the civic society in working order. The boys also discussed the advisability of putting in a set of gymnastic apparatus for the coming winter. A file and drum corps is in process of organization.

Pawnee Bill's Great Combined Shows. A new and desirable era has been inaugurated by the fortuitous blending of Pawnee Bill's great combined shows, to be seen in Rock Island, Saturday, Aug. 25. What the Pawnee Bill show is what it has been for the past 15 years is so patent to everybody that it is like gilding refined gold and painting the lily to descant on its well known superiority. Nothing can be more meritorious and attractive in its limitless wealth of consolidated marvels, and as space is limited we can therefore only give a brief outline.

First, we would call attention to Maj. Gordon W. Little (Pawnee Bill), the white chief of the Pawnees, and late hero of Oklahoma, with 100 genuine Indians, brave cowboys, noted scouts and trappers, including Gray Eagle, second chief of the Sioux Indians, and several of his tribe, including Red Cloud, Spotted Tail and several squaws and papooses; also bands of Mohave and Digger Indians; Aspurs from Mexico; Cliff Dwellers from Vancouver Island. Special attention is called to Miss May Little, champion horseback rider shot of the world; wonderful feats of horsemanship by Senor Jose Valasquez, riding and driving 35 flying horses at one time; a herd of buffaloes and wild Texas steers; thrilling hippodrome races by genuine Mexicans, including chariot races, hurdle races, standing races and all kinds of comical races; 40 first-class performers, 10 beautiful senoritas and a host of others. Come early and see the grand street parade, bands of music and wild beast cavalcade; also a grand free performance worth coming miles to see. It costs you nothing. The price of admission has been placed within the reach of all, making it the cheapest and best show on earth.

The Tandem Case Appealed. The Moline Channel Ice company, through its attorneys, Searle & Marshall, took an appeal in the case of an employee, P. Kemmerling, who was fined \$25 by Magistrate Stafford for violating the tandem ordinance. While the case is pending in the upper courts it is probable that the city and the firms accustomed to hauling wagons tandem will reach some sort of compromise by which the practice may be continued with some provision against the feature that endangers the lives of children.

Summer Tours. The Grand Trunk railway is the ideal route for summer travel, reaching with its own lines or direct connections all the popular resorts—the Muskoka and Kawartha lakes, Lake of Bays (Highlands of Ontario) Niagara Falls, St. Lawrence river and rapids, Thousand Islands, White mountains and the seacoast resorts of the North Atlantic.

It Helped Win Battles. Twenty-nine officers and men wrote from the front to say that for scratches, bruises, cuts, wounds, sore feet and stiff joints, Bucklen's Arnica Salve is the best in the world. Same for burns, skin eruptions and piles. 25 cents a box. Cure guaranteed. Sold by Hartz & Ullemeyer, druggists.

Inflammatory Rheumatism Cured in Three Days. Morton L. Hill, of Lebanon, Ind., says: "My wife had inflammatory rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians, but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by Otto Grotjan, 1501 Second avenue, Rock Island; Gust Schlegel & Son, 220 West Second street, Davenport.

Use Allen's Foot-Ease in Your Gloves. A lady writes: "I shake Allen's Foot-Ease into my gloves and rub a little on my hands. It saves my gloves by absorbing perspiration. It is a most dainty toilet powder." We invite the attention of physicians and nurses to the absolute purity of Allen's Foot-Ease. Dr. W. C. Abbott, editor of the Chicago Clinic, says: "It is a grand preparation; I am using it constantly in my practice." All drug and shoe stores sell it, 25 cents. Sample sent free. Address Allen S. Olmsted, LeRoy, N. Y.

Holliday, of Deming, Ind., who has an 11-months' old child, says: "Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach. ## FOILS LOVERS' PLANS

Robert Kinzie Traces His Adopted Daughter to Chicago.

SHE ELOPED WITH GEORGE HYDE.

Were to Have Been Married Today at St. Joseph, Mich.

Hetty Kinzie's dream of love was rudely shattered last night by a policeman who arrested her at McCoy's hotel, in Chicago. She was to have been married today at St. Joseph, Mich., to George Hyde, who eloped with her last Sunday night from Geneseo, the girl's home. Hyde lives at Davenport.

Hetty and George have been sweethearts for a long time. She will be 16 years old next October. Upon the death of her parents eight years ago she was adopted by an uncle, Robert Kinzie, a retired farmer.

It was discovered Monday morning that Hetty had left home during the night, taking with her a bundle of clothes. Search of her room was made, and a letter was found giving the plans of the elopement with her Davenport sweetheart.

Mr. Kinzie went to Davenport yesterday and learned that Hyde had written to a friend from Chicago. The letter was written on McCoy's hotel paper.

Girl Breaks Down. Last night Mr. Kinzie reported the matter to Lieut. Golden, of the Harrison street station, and Officers Harrison and Spiegel were detailed to find the runaway pair. At the hotel the officers learned that a young girl answering the description of Miss Kinzie registered Monday night as "Jessie Ivens, Davenport." The officers waited until she returned to the hotel at midnight and arrested her. At sight of her foster father she broke down and cried. She was taken to the Harrison street annex, but refused to tell the police where her sweetheart was staying.

Mr. Kinzie says the girl took his watch and \$40 when she left home. She had given the watch to Hyde.

A UNIVERSAL FOOD. Following Nature's Footsteps.

"I have a boy 2 years old weighing 40 pounds, and in perfect health, who has been raised on Grape-Nuts and milk."

"This is an ideal food, and evidently furnishes the elements necessary for a baby as well as adults. We have used Grape-Nuts in large quantities, and greatly to our advantage."

F. W. Leavitt, Minneapolis, Minn. One advantage about Grape-Nuts Food is that it is pre-digested in the process of manufacture; that is, the starch contained in the wheat and barley is transformed into grape sugar in exactly the same method as this process is carried out in the human body; that is, by the use of moisture and long exposure to moderate warmth, which grows the diastase in the grains and makes the remarkable change from starch to grape sugar. Therefore, the most delicate stomach can handle Grape-Nuts, and the food is quickly absorbed into the blood and tissue, certain parts of it going directly to building and nourishing the brain and nerve centers.
